

# Handheld VR Adventures Quick Start Guide

## Recommended Apps

Within VR

Veer VR

New York VR

## How to use your VR viewer

Here are quick steps to use your device:

1. Download one of the recommended VR apps or programs onto your smartphone.
  - a. Open smartphone's **App Store** (iOS) or **Play Store** (Android)
  - b. Search for app name
  - c. Download app
2. Open the app. Search and select desired photo or video.
3. Place your smartphone into the viewer and line up the phone so it lines up in the middle.
4. Hold the viewer up to your eyes like binoculars and look around!

See full User Guide for detailed instructions

## Viewing with a VR headset vs viewing solely on your phone

**Headset:** When you put your phone in the VR headset, you have the ability to physically look up, down, and all around.

**Phone:** When you view an experience with your phone, you can still view 360-degrees around, but you have to swipe your finger across the screen to “look around”.

### Safety Tips

1. Please use the VR Viewer while **seated** to reduce risk of tripping and/or falling.
2. Some people may experience **motion sickness** while using VR. If you feel **dizzy, nauseous, or a headache**, please discontinue use of the VR Viewer.
3. **Take breaks** from using the VR Viewer after every **20-30 minutes**. Prolonged use of the VR Viewer may cause **eye strain** or **eye fatigue**.

### Cleaning Tips

The following are recommended ways to clean and sanitize your VR Viewer:

1. Clorox or Lysol Disinfectant Wipes
2. Isopropyl Alcohol (70% or higher) wipes
3. Isopropyl Alcohol + a soft non-abrasive cloth (e.g. microfiber or cotton t-shirt)

If the lenses are dirty and unclear, wipe with a glasses/lens cloth or soft lint-free cloth (e.g. cotton t-shirt)

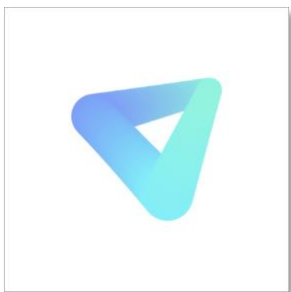

## Quick Start on Apps

For more detailed information, please refer to the full user guide for each page number.

### **Within** – p. 14
